MEMORANDUM FOR Child and Youth Services SKIES Patrons

SUBJECT: SKIES Instructional Program Fee Increases

1. The CYS SKIES team takes great pleasure in instructing your children in our Home School Enrichment program. We thank you for the opportunity to provide them with enjoyable learning activities.
2. Due to the rising cost of business operating expenses and supplies, we will be charging a \$15 monthly fee for our home school enrichment program beginning in September 2018. This fee will assist us in purchasing supplies to continue providing enriching art, STEM and physical education activities for your children.
3. As always, the SKIES instructional team is committed to providing you with interesting and exciting programs. We look forward to serving Army Families in the future in our SKIES instructional programs.
