Hurricane Season 1 June – 30 Nov

- There are checklists available that help prepare Soldiers and their family members for a storm. Obtain one and review it with your family so they will know what to do when a storm is approaching.
- Prior to a storm, please remember to pick up loose objects outside your home and/or work area that would pose a danger during high winds when they become flying missiles.
- Continue to ensure that you and your family understand the Warning Signal for a Tornado. Monitor potential hazardous weather conditions and plan ahead.
- Buy non-perishable items on the checklist in advance of a storm so your family is well prepared.

Privately Owned Firearms (POF)

- Registered POFs can only be transported on the installation when the individual is enroute to a bona fide sporting event and must be unloaded when transporting. State concealed weapons permits are not valid on Fort Rucker.
- Personnel living on post (Soldier, retiree or DA civilian) must register their POFs (using DPS Fort Rucker Form 818), on the installation with DPS within 72 hours of their arrival and/or whenever they purchase or otherwise obtain a firearm. All Soldiers must now get unit commander signature on DPS Form 818 when registering weapons with DPS. DPS has limited Chamber Cable Locks Available.
- POFs cannot be stored in the barracks, POVs or work areas. POFs may be stored in the BOQ, quarters and unit arms room. POFs must be stored in a locked container; trigger locks, or chamber cable locking devices should be used.
